

T T G T T G G C C T G C

A sequence of 11 nucleotide bases: T, T, G, T, T, G, G, C, C, T, G, C. The bases are color-coded: T is red, G is yellow, and C is blue. Below the sequence, there are green peaks under the first G, the second G, and the last G. There are also red bars under the first G, the first C, and the second C.
